

SKYLIGHT PSYCHIATRY

SPECIALISTS IN AUTISM AND LEARNING DISABILITIES

Our vision

To make a world where neurodiversity is:

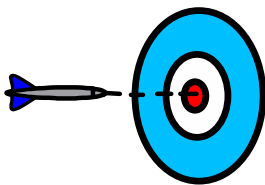

- celebrated

- supported

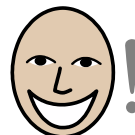

- understood

Our aim

to give people a happier,

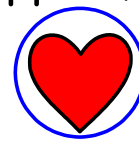

healthier

+

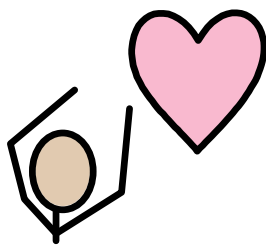

and better quality of life."

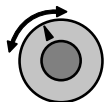

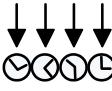

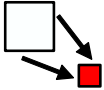

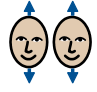

Our mission

- To be the  best  company who  diagnose
 
 and treat neurodiversity
- To have  new  technology
- To be  eco-friendly

We want to

- Give our service users the opportunity to be   
 
 in control of their care.
- Always  improve 
- Reduce  waiting  times 
- To make neurodiversity  understood  and  accepted
- Be  guided by  service users and   carers
